

SHENANDOAH, JR. TO RACE BROCK

Matched For \$250 a Side—
Telephone Did Not
Connect.

Articles were signed on Saturday night calling for a race between Domingo Ferreira's sorrel gelding Brock and J. A. Nunes' bay gelding Shenandoah, Jr. The distance is to be a quarter of a mile and the weights to be carried are 117 pounds. The race is to take place on the afternoon of next Saturday week, July 28th and will be for \$250 a side. Gold to the amount of \$500 has been deposited with Larry Dee, who is acting as stakeholder.

The match has been made play or pay. Brock's owner will in all probability ride him and will train him for the race himself. Eddie Finn will have charge of Shenandoah, Jr.

Both horses are Hawaiian bred and can travel a quarter in respectable time. In a race between them on July 4th Shenandoah, Jr. won in a gallop. That match was made, however, to be run at catch weights and the winner had only a feather on his back, while Brock packed 120 pounds or over. On Saturday week they will meet on equal terms, and the previous loser will have nearly thirty pounds advantage of the weights compared with the first race. This difference should about bring the horses together and ensure an exciting contest.

Samuel Decker's Bones easily defeated Telephone in two races at a half and a quarter of a mile respectively on Saturday afternoon at Kapiolani Park. Telephone was a strong public fancy, as he had the wire and was generally supposed to be a ringer.

THIS EVENING'S CONCERT.

Takes Place at Emma Square at
7.30 o'clock.

Following is the program of the concert by the Hawaiian band at Emma Square commencing at 7.30 o'clock this evening:

Intermezzo—"Visions" ... Blon
Selection—"The Serenade" ... Herbert
March—"The Neill Company" ... Davis
"The Star Spangled Banner."

KAKAOKO ROYSTERS.

Haskell, Downing's Companion, was
With a Drunken Crowd.

A crowd of Kakaoko roysters in which was Haskell, the former companion of Downing, the murderer, was brought to the police station by Patrolman Kelly yesterday. Kelly's brogue kept the men in good humor during the journey to the station, but after that they became boisterous. In the cells they amused themselves by singing patriotic songs, keeping time by thumping on the walls.

One of them, who had a fine instinct for things dramatic, struck up an attitude when a reporter took a view of them, placed his left hand upon his breast, and said: "Gentlemen, we are American citizens, but we are in disgrace. Take heed and be not like one of us." This sally proved too much for his companions and he was put hors de combat in a corner of the cell.

Services Discontinued.

Rev. William H. Tubb announces that the religious services at the Christian Union Mission will be discontinued July 14. The benevolent work of the mission will go on, however, the limit at present being six cents. These are free on application, to sober men. After the reopening of the Orpheum the open air preaching service will be resumed from 7.30 to 8 p. m.

As the large hall, under the new arrangement, is not needed, the furniture and fittings will be returned and the hall rented. The public will not be asked to contribute to the work of the mission.

The DAILY ADVERTISER is delivered to any part of the city for 75 cents a month.

THE PROGRESSIVE STORE

INCIDENTS INVITED.

Street Between Richards and
Kaka in Bad Condition.

Side of King street between Richards and Alakea streets was in bad condition last evening. The department has torn up the street for the purpose of laying macadamized surface and in view from four to seven inches has been removed. Great rubbish litter the space in front of only two red lanterns placed. One was at the corner of street and the other in front of Mr. Hoogs.

The electric light furnishes a shadow of the break as a shadow of electric globe falls upon it. Workmen ran pole-mill into street and several falls were noted. It was reported to the police that the electric light was broken. It was criminal carelessness to have the upturned road with electric light and it is a great pity that one was badly injured.

Case Continued.

The native who is accused of robbing and robbing a Chinese Tantalus road a week or so ago for some time to come, for his will in a precarious condition, was called before Judge on Saturday, but was continued on account of the condition of his health.

Deputy Sheriff announced to the court that the Chinese was still at the hospital and that he would be taken from his bed for trial. It is likely that a state trial will be taken from the Chinese at trial, for fear he should die before he could be brought to trial.

That nerve-racking cough by using a reliable remedy. We are putting up a preparation which is a decided comfort to people afflicted with a cough which invariably follows an attack of La Grippe.

This preparation of ours is compounded in precise proportions, and it alleviates the irritated membranes of the throat and removes the soreness from the lungs. It does not stupefy—IT CURES. It is for this reason that so many prefer

Putnum's Cherry Cough Comfort

to any other remedy.

You commence to feel the easing effects after the first dose.

There is nothing objectionable about this cure—but just the reverse, as it is a very agreeable and pleasant preparation.

ALSEN PORTLAND CEMENT

WE HAVE JUST RECEIVED a large shipment of this celebrated Cement, which is the STRONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand, gravel, with less loss of strength, than any other brand; it is therefore the most economical.

ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements. It is therefore an economical cement to use, and specially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the sea wall arounds: seven days, 600 pounds; thirty days, 815 pounds; one year, 384 pound Governor's Island, New York Harbor.

For sidewalks it gives the best color and the most endurable wearing surface. A few of the large contracts in which Alsen Cement was used: Cable R. R. Baltimore, 35,000 barrels; Quebec Harbor Improvement, 20,000 barrels; Northern Pacific R. R. Bridges, 20,000 barrels.
